Housing Reminders

- Complete the Residence Hall Application. Be sure that all of the information you provide is accurate.
- Complete all other required paperwork with administrative offices.
- *Move-in Day:* You will receive a room key & fill out a **required paperwork** at your assigned residence hall.
- **Remember:** Every effort will be made to accommodate each student's residential needs. There are some instances where a student will be allowed to change dorm rooms pending approval of the Hall Resident Director/Director of Student Affairs. Failure to follow proper check-out procedures will result in fees on the student's account. Fees for damage to dorm rooms and/or to residence hall bathrooms, hallways, lobby, etc. will be placed on the student's account when necessary. In cases where no one admits to having caused damage or we cannot find the personal responsible on the security cameras, a fine/fee will be divided amongst all of the residents in the hall.

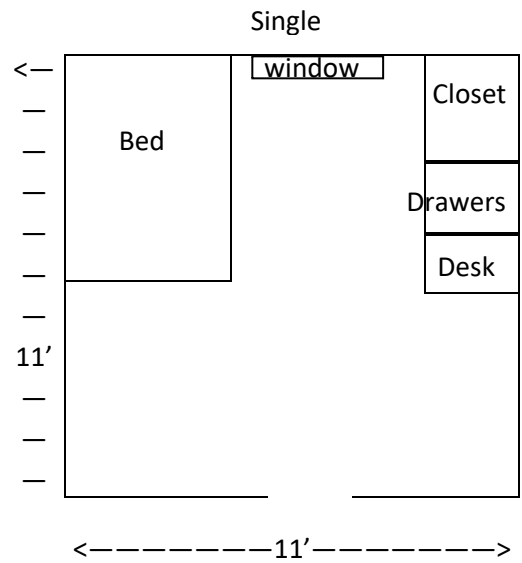

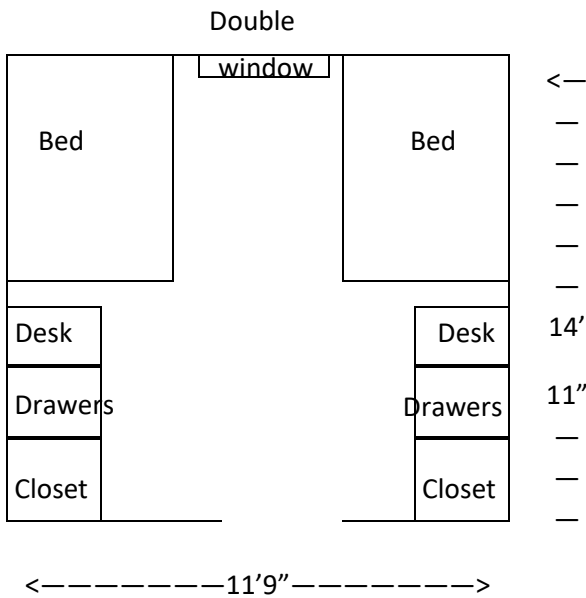

Hopefully, this general list will give you an idea of what you will need to set up your home here at Hiwassee. If you have any further questions, please let us know. We're always available to answer any questions or concerns you might have. We're looking forward to having you here at HC!
